## NOTES & DETAILS

### 1. Zumova Prohulka (Our marquis program for the hurtok! )

- Continues to be an amazing event
- In 2020, we made MAJOR improvements to smooth operations and increase the fun & SAFETY of the experience for the kids.
  - updated registration form & increased on-site admin team
  - Issued ID badges for staff; festive & fun swag
  - Bibs for kids
  - Added Ski Patrol briefing, Medical liaison, group messaging to facilitate comms, especially in an emergency like we had in 2020
  - **HELMETS & current equipment will be obligatory for all staff. We will follow KNOW THE CODE guidelines and set a precedent for the kids.**
- 2021 CANCELLED DUE TO COVID
- 2022 TBD

### 2. Dobre Dilo or VT/PT Painting Project

- Created as a dobre dilo to help during COVID
- 4 of us painted one of the bedrooms in the PT building. 10/2020
- 2021: per Darka Patty, rescheduled to Spring 2022
- Suggest to open to entire kyrin in 2022
- SUGGEST to loop in STPs as a bonding project, and way to turn the stewardship of PT to the STPs.

### 3. Hurtok Membership

27 on the roll

- 55% actively participated in 2020/21

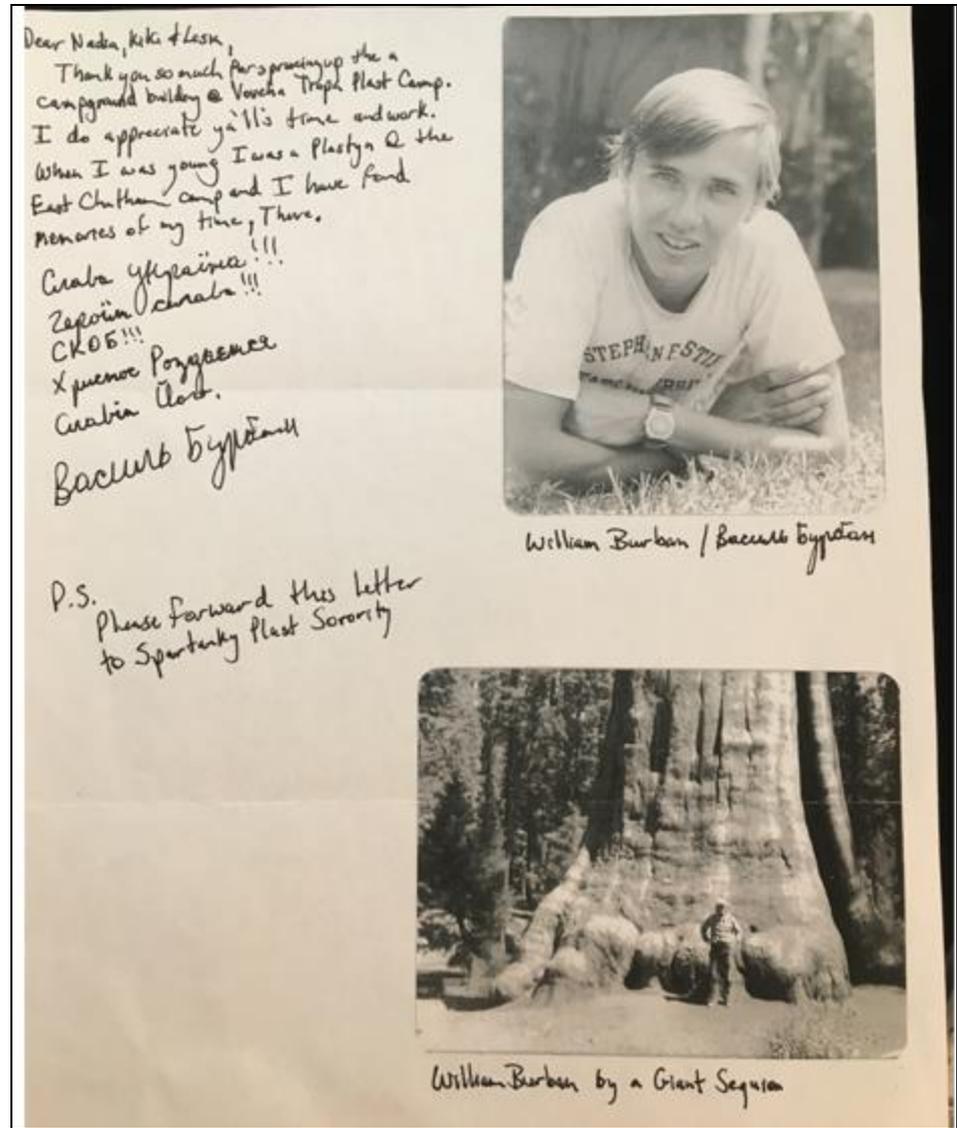

➤ By clarifying our mission statement, we can tailor our activities to be more inclusive, interesting, and engaging to our members, and thus achieve our goals and mission.

## 4. Feedback from our fans!

Early in 2021, we received this "fan letter" of support for our work as a hurtok and kyrin.

It's nice to know that someone out there appreciates our hard work!

## 5. RADA PLANNING

This year was challenging due to COVID, as we were unable to safely meet in person to brainstorm, to create materials, and to generate enthusiasm. The turnout is quite low, but to be expected under post-quarantine conditions and breakthrough cases.

What started as an ambitious agenda (including an Olympic motif, games, challenges, etc.) was scaled back to a functional program. Several calls were had; many exciting ideas generated. In the end, we added these new elements to evolve our Rada experience. Hope that the next planning team will do the same to keep this meeting dynamic, interesting, informative, collaborative, and focused on defining our future and producing results.

- 1 Introduced a physical activity to our program, to stay "on mission" as Spartanky
- 2 Introduced a KPS/Plast update
- 3 Evolving the format to be more informative, like a conference. Would like to push for including more interactive & informative elements. In fact, Hrebli were meant to be at the Q. Our plan was to meet informally to share notes, gripes, best practices. Maybe even to form an alliance or collaboration!

Thank you to all the NY/NE hurtok members for their ideas, input, and help!
